

Facelift for Families.com

Families.com unveils a fresh new look.

Avila Beach, CA - April 1, 2009 - Along with a fresh new face, Families.com has added some exciting new features to its popular family-oriented website. Our new look isn't only skin deep. Families.com brings people together for fun, sharing and community.

Join in the conversation and visit our website for daily articles and lively discussions.

Families.com is a family-oriented community for discussion and education about a variety of topics which are relevant to today's family life. Advice blogs are published regularly on topics such as parenting, pregnancy, family, entertainment, home, health and savings.
